

LAST WORD

No roses please. I hate red roses especially on Valentine's day (I much prefer peonies or freesias), however I wouldn't say no to a Sweet Red Rose facial at Sisters Beauty lounge. This organic treatment by Eminence is a vitamin rich facial which hydrates and refines the skin with extracts from Bulgarian Red roses. With a 15 per cent discount throughout February it's a lovely treat. To book telephone (04)3442261, sistersbeautylounge.com
